**To promote National Motorsport Week from Saturday 29 June to Sunday 7 July 2013**

*first run was a little hesitant, but then the adrenaline kicked in!! With some hard work and encouragement my times got quicker and my grin bigger.*

*I was in the car with Stephen Rhodes, he was helping me and telling me what line to take. I drove 8 tests, 4 each on track A and B, I got quicker each time. With each run I was getting to know the car better and enjoying it more and more.*

*In the afternoon we did the same again and this time we did test C, which was test A&B put together to make a much bigger and more challenging test. Steve was by my side encouraging me again and I was getting quicker with each test. If you ever get an opportunity to do this, take it. It is great fun.*

*Once again thank you to everyone for the support and making me feel welcome, I really enjoyed my day. Thank you to Stephen for his tuition.*

Adam's Dad Andrew said ‘
